### **Arizona Treasurer Dean Martin Meets with Lookout Mountain Elementary School Students at the State Capitol**

Arizona Treasurer Dean Martin hosted individual tours of the State Treasurer's Office with 150 fifth grade students enrolled in American History classes from Lookout Mountain Elementary School on March 6-7, 2008. The classes toured the Treasurer's Trading Room where the one of the students, Nick Petkiewicz (pictured on the Treasurer's left side and fourth in from the right), introduced the class to his father who is a portfolio manager. The Trading Room is operated with real-time access to the world's markets, with \$69.26 million distributed to schools in FY 07-08 for extra education funding from endowment investments made by the State Treasurer. The State Treasurer is the Chief Financial Officer for Arizona, third in succession to the Governor, overseeing \$13 billion in assets under management.
